My heart knows this place,
This love, this grace and I will not be a-fraid a-fraid
for I am safe in Your embrace.
'Cos Your love is, Your love is, Your love is all I need. It always is,
always is, always is enough for me. Always is e-
nough for me. You strip it all a-way
Your love is here to stay And now for - e - ver it will re-main
You strip it all a-way, Your love is here to stay, and now for - e - ver it
will re-main It will re-main It will re-main
It will re-main It will re-main, Cos, Your love is,
